ABOUT THE COMPANY:

- Established in 1953, APIL has specialized in design, development and manufacture of high quality Leaf & Parabolic Springs and Automotive Components under the brand name of SIROCCO.
- For over five decades, APIL has been one of the largest manufacturer of springs and Original Equipment supplier to leading vehicle manufacturers in the automobile industry. The Company's experience assures select quality for every product. Leaf & Parabolic Springs bearing the name of SIROCCO have endured the toughest tests since inception, under the most arduous conditions. The skills and expertise gained over the years, form the basis of a highly competitive spring unit, which has adopted processes to meet every requirement of the present technological age.
- Auto Pins is a company with a long history of customer satisfaction and a strong relationship with its buyers. The trust and faith has allowed the relationship between supplier and vendor to develop into a family. This reduces response time and allows teamwork working. Price, quality, delivery plus the commitment to a relationship has allowed us in building the confidence in our customers, in India as well as overseas.
- Aided with a modern facility and a large leaf spring capacity plant, ISO 9002 approved a dedicated team of professionals, along with the company's R&D team for designing improvements, technological up-gradations and cutting down process and development times are some of the big benefits the company and its customers gain. We look forward to an improved environment in working as we go along and learn from our customers. We improve and add in a bit more to get a smile from our delighted customers.

 - If you are using NSDL e-Voting system for the first time, you will need to retrieve the 'initial password' which was communicated to you. Once you retrieve your 'initial password', you need to enter the 'initial password' and the system will force you to change your password.
 - How to retrieve your 'initial password'?
 - If your email ID is registered in your demat account or with the company, your 'initial password' is communicated to you on your email ID. Trace the email sent to you from NSDL from your mailbox. Open the email and open the attachment i.e. a .pdf file. Open the .pdf file. The password to open the .pdf file is your 8 digit client ID for NSDL account, last 8 digits of client ID for CDSL account or folio number for shares held in physical form. The .pdf file contains your 'User ID' and your 'initial password'.
 - If your email ID is not registered, please follow steps mentioned below in **process for those shareholders whose email ids are not registered.**
6. If you are unable to retrieve or have not received the "Initial password" or have forgotten your password:
- Click on "**Forgot User Details/Password?**"(If you are holding shares in your demat account with NSDL or CDSL) option available on www.evoting.nsdl.com.
 - Physical User Reset Password?** (If you are holding shares in physical mode) option available on www.evoting.nsdl.com.
 - If you are still unable to get the password by aforesaid two options, you can send a request at evoting@nsdl.com mentioning your demat account number/folio number, your PAN, your name and your registered address etc.
 - Members can also use the OTP (One Time Password) based login for casting the votes on the e-Voting system of NSDL.

7. After entering your password, tick on Agree to “Terms and Conditions” by selecting on the check box.
8. Now, you will have to click on “Login” button.
9. After you click on the “Login” button, Home page of e-Voting will open.

Step 2: Cast your vote electronically on NSDL e-Voting system.

How to cast your vote electronically on NSDL e-Voting system?

1. After successful login at Step 1, you will be able to see all the companies “EVEN” in which you are holding shares and whose voting cycle is in active status.
2. Select “EVEN” of company for which you wish to cast your vote during the remote e-Voting period.
3. Now you are ready for e-Voting as the Voting page opens.
4. Cast your vote by selecting appropriate options i.e. assent or dissent, verify/modify the number of shares for which you wish to cast your vote and click on “Submit” and also “Confirm” when prompted.
5. Upon confirmation, the message “Vote cast successfully” will be displayed.
6. You can also take the printout of the votes cast by you by clicking on the print option on the confirmation page.
7. Once you confirm your vote on the resolution, you will not be allowed to modify your vote.

General Guidelines for shareholders

1. Institutional shareholders (i.e. other than individuals, HUF, NRI etc.) are required to send scanned copy (PDF/JPG Format) of the relevant Board Resolution/ Authority letter etc. with attested specimen signature of the duly authorized signatory(ies) who are authorized to vote, to the Scrutinizer by e-mail to rastogifcs3@gmail.com with a copy marked to evoting@nsdl.com. MANAGEMENT DISCUSSIONS & ANALYSIS REPORT

INDUSTRY STRUCTURE AND DEVELOPMENTS

Auto Pins (India) Limited operates within the vibrant and competitive Indian auto-components sector, specializing in the manufacturing of automotive leaf springs and parabolic leaf springs primarily serving the commercial vehicle (CV) and aftermarket segments.

The Indian auto-component industry is an essential pillar of the national economy, closely tethered to original equipment manufacturers (OEMs) and replacement market dynamics. During the financial year 2025–2026, the sector faced headwinds characterized by fluctuating raw material prices, modest demand recovery in specific segments of heavy commercial vehicles, and intensified pricing pressures. Despite these structural challenges, the push toward infrastructure development and logistics expansion continues to provide long-term underlying demand for heavy-duty suspension systems.

COMPANY'S PERFORMANCE

For the financial year ended March 31, 2026, Auto Pins (India) Limited reported a moderation in its top-line and bottom-line metrics, reflecting broader macro-industrial adjustments and input cost volatilities.

- **Total Revenue / Net Sales:** The company registered total revenue of ₹37.37 Crores (or approx. ₹37.11 Cr in core operations) for FY 2025–2026, marking a decrease of approximately 19.80% compared to ₹46.61 Crores recorded in FY 2024–2025.
- **Net Profit:** The Profit After Tax (PAT) stood at ₹0.27 Crores, compared to ₹0.33 Crores in the previous fiscal year, reflecting a contraction of about 18.18%.
- **Profit Margins:** Net profit margins remained tight but stable at approximately 0.72% (vs. 0.71% in FY 2024–2025), emphasizing a strong need for continued cost rationalization.
- **Earnings Per Share (EPS):** The basic and diluted EPS for the year stood at approximately ₹0.48 per share.

The reasons for decline in company's performance could include:

Increased Competition: The leaf spring market is intensely competitive, with both global and regional players vying for market share.

Technological Advancements: The shift towards alternative suspension systems like air suspension in some segments and the adoption of advanced materials like composites for leaf springs, aiming for lighter weight and higher performance, might have impacted the demand for this company's traditional Leaf Springs products.

Fluctuating Raw Material Prices: Prices of materials like steel, crucial for leaf springs, can impact manufacturing costs and profitability.

Other Operational Issues: Internal factors specific to the company, such as production inefficiencies, marketing challenges, or customer relationship management, could also contribute to the decline.

Economic Factors: Broader economic conditions can affect a company's performance, even one that is generally stable.

Despite the decline, the directors are confident in the company's future performance and are focused on improving the situation. They may be planning to address the challenges through innovation, diversification, or strategic adjustments in their product offerings or operations.

OPPORTUNITIES AND THREATS.

The automotive leaf springs market in India has witnessed significant growth due to the country's expanding automotive industry. Leaf springs are crucial components in the suspension systems of commercial vehicles, and the rise in demand for transportation and logistics services has contributed to the increased adoption of leaf springs. However, the market faces some challenges that affect its growth prospects. One of the key challenges is the growing preference for air suspension systems over traditional leaf spring setups in certain segments. Air suspension systems offer better ride comfort and adjustability, making them attractive for certain commercial vehicle applications. To remain competitive, leaf spring manufacturers must focus on improving product durability, weight reduction, and overall suspension performance. Furthermore, the market faces intense competition, both from domestic and international manufacturers, leading to pricing pressures and narrower profit margins. To thrive in such a competitive landscape, companies need to innovate and diversify their product offerings to cater to different vehicle types and customer preferences. Additionally, the fluctuating prices of raw materials, such as steel, impact the manufacturing costs and challenge the market players to maintain stable pricing for their leaf springs. Proper supply chain management and strategic sourcing become crucial to mitigate these challenges and sustain growth in the India automotive leaf springs market.

SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE

The company primarily focuses on its core product line—Automotive Leaf Springs and Parabolic Leaf Springs.

- The replacement market segment continued to anchor volume stability during a year when OEM demand saw subdued movement.
- Efforts to fine-tune product mixes toward heavy-duty parabolic designs helped cushion margins amidst downward revenue pressures.

RISK AND CONCERNS

Future strategies of the auto companies will have to focus on increased environmental safety concerns, rising fuel prices and cost-effectiveness in the rising market competition. Innovation has to focus on increasing efficiency and reducing emissions.

Customer experience will be a key factor to retain the existing ones and reach out to the new ones. After-sales service is an important aspect which will help in winning the loyalty of the consumer.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY.

The Company has established appropriate and adequate systems of internal controls, procedures and policies to ensure the accuracy, efficiency, timely preparation and completeness of accounting records and financial information and to prevent and detect fraud and errors. Given the dynamic of today's business environment and the evolving regulatory landscape, we are adapting to technology and digitization to strengthen our internal control systems and to ensure adherence to applicable laws, regulations, and internal policies.

WORKING CAPITAL MANAGEMENT

Your Company practices prudent working capital management, methodologies and adequate planning for managing its day-to-day requirements of working capital funds. The Company focuses on timely receivables, realizations, and low inventory level considering JIT supply to customers which helps in reducing the working capital requirement. The funds are borrowed from Banks to bridge the working capital gap on weekly basis to avoid fixed liability of interest.

HUMAN RESOURCE MANAGEMENT

The Company believes that its employees are the most valuable assets. It encourages passion, commitment, innovation and meritocracy, and this has enabled the company to sustain its leadership position. The Company is focused not only in attracting but also in retaining talented individuals across Company's business units. It does this by ensuring that the employees' professional growth is consistent with their aspirations, and also within the framework of the corporate goals.

During the period under review, the Company maintained cordial relationship with all its employees. The Directors would like to acknowledge and appreciate the contribution of all employees towards the performance of the Company.

FUTURE OUTLOOK

Looking ahead to FY 2026–2027, Our Company remains cautiously optimistic and plans to focus on:

- Enhancing manufacturing efficiency and asset turnover.
- Strict working capital management to improve operational cash flows.
- Deepening market penetration across key regional distribution channels to revive volume growth.

FORWARD LOOKING STATEMENTS

Investors are cautioned that statements in this management discussion and analysis describing your Company's objectives, projections, estimates and expectations may be 'forward looking statements' within the meaning of applicable laws and regulations. Actual results might differ substantially or materially from those expressed or implied.

Important developments that could affect your Company's operations include a downtrend in the automobile industry global or domestic or both, significant changes in political and economic environment in India or key markets abroad, tax laws, litigation, labour relation and interest costs.

Independent Auditor's Report

TO THE MEMBERS OF AUTO PINS (INDIA) LIMITED (THE 'COMPANY')

Report on the Audit of the Financial Statements

Qualified Opinion

We have audited the accompanying financial statements of **AUTO PINS (INDIA) LIMITED (THE 'COMPANY') (the 'Company')**, which comprise the Balance Sheet as at 31 March 2026, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flow and the Statement of Changes in Equity for the year ended on that date and a summary of the material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, except for the possible effects of the matters described in the Basis for Qualified Opinion section of our report, the aforesaid financial statements give the information required by the Companies Act, 2013 as amended (the 'Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2026, and its Profits, other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion

We draw attention to Note. 40 to the financial results relating to Non Provision has been made for leave salary and gratuity of employee (amount unascertained), and the same are being accounted for at the time of retirement, resignation or termination of employee which is not in compliance with the requirement of Ind AS-19- Employee Benefit.

We conducted our audit of the financial statements in accordance with the Standards on Auditing ("SA's") specified under Section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our qualified opinion on the financial statements.

Emphasis of Matter

We draw attention to Note. 51 to the financial results relating to notification of the four Labour Codes - the Code on Wages, 2019, the Industrial Relations Code, 2020, the Code on Social Security, 2020, and the Occupational Safety, Health and Working Conditions Code, 2020 - consolidating 29 existing labour laws

by Government of India on November 21, 2025.. The Ministry of Labour & Employment published draft Central Rules and FAQs to enable assessment of the financial impact due to changes in regulations. The Company has evaluated the provisions of these newly implemented Codes and assessed their applicability. Based on this review, management has determined that the implementation of the new Labour Codes does not have any material impact on the financial statements for the year ended March 31, 2026

We draw attention to Note. 50 to the financial results relating to certain dispute with a Debtor regarding rate difference. As a result an amount of Rs. 133.46 lakhs has been withheld by that Debtor and the same amount is shown as Trade Receivables. The Company is negotiating with the Debtor and as represented by management.

Our opinion is not modified in respect of these matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Except for the matter described in the Emphasis Matter Paragraph, we have determined that there are no other key audit matters to communicate in our report.

Information other than the Financial Statements and Auditor's Report thereon

- The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in Company's annual report, but does not include the financial statements and auditor's report thereon.
- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Director's Responsibility for the Financial Statements

The Company's Management and Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit and other comprehensive income, cash flow and changes in equity of the Company in accordance with the accounting

principles generally accepted in India including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these the financial statements.

As part of an audit in accordance with Standards on Auditing, specified under section 143(10) of the Act, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management and Board of Directors.

- Conclude on the appropriateness of management and Board of director's use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors (i) in planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other Legal and Regulatory Requirements

1.As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2.(A)As required Section 143(3) of the Act, based on our audit we report that;

a) We have sought and except for the matters described in the Basis for Qualified Opinion section, obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.

b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

c) The balance sheet, the statement of profit and Loss including other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in equity dealt with by this report are in agreement with the books of account.

d) Except for the possible effects of the matters described in the Basis for Qualified Opinion section, in our opinion, the aforesaid financial statements comply with Ind AS specified under Section 133 of the Act.

e) On the basis of the written representations received from the directors as on 31st March 2026 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2026 from being appointed as a director in terms of Section 164(2) of the Act.

f) With respect to adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such control, refer to our separate report in “ **Annexure B**”. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company’s internal financial controls with reference to Financial Statements;

B. With respect to the other matters to be included in the Auditor’s Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company has disclosed the impact of pending litigations on its financial position in the financial statements; Refer Note No. 38 of the financial statements;
- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company. However there is delay in transferring old outstanding amount, required to be transferred to the investor education & protection fund by the company.
- iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the

Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. The Company has not declared or paid any dividend during the year and has not proposed final dividend for the year.

vi. Based on our examination, which included test checks, the Company has used accounting software(s) for maintaining its books of account for the financial year ended March 31, 2026 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with and the audit trail has been preserved by the company as per the statutory requirements for record retention.

C. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act, as amended, in our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT ON THE FINANCIAL STATEMENTS OF AUTO PINS (INDIA) LTD FOR THE YEAR ENDED MARCH 31, 2026

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub- section 3 of Section 143 of the Companies Act, 2013 (“the Act”)
(Referred to in paragraph 1(A)(g) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

We have audited the internal financial controls with reference to financial statements of AUTO PINS (INDIA) LIMITED (THE ‘COMPANY’) (“the Company”) as of March 31, 2026 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s and Board of Directors’s Responsibility for Internal Financial Controls

The Company’s management and the Board of Directors are responsible for establishing and maintaining internal financial controls with reference to financial statements based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by ICAI and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013 to the extent applicable to an audit of internal financial control. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements criteria established reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and

(3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanation given to us, the Company has, in all material respects, an adequate internal financial controls with reference to financial statements and such internal financial controls reference to financial statements were operating effectively as at March 31, 2026, based on the criteria for Internal Financial Control Over Financial statements established by the Company considering the essential components of Internal control stated in the Guidance Note on Audit of Internal financial control over Financial Reporting issued by the Institute of Chartered Accountants of India.

AUTO PINS (INDIA) LIMITED

Notes forming part of the Financial Statements for the year ended 31 March 2026
(Amount in INR lakhs, unless otherwise stated)

1 Corporate Information

Auto Pins India Limited (the "Company") is a limited company domiciled in India and was incorporated on 28 November 1975 under the provisions of the Companies Act, 1956 (substituted by Companies Act, 2013) applicable in India. Its registered and principal office of business is located at Premise No. 40, 1st Floor, India Mall, New Friends Colony, New Delhi-110025. The Company is a subsidiary of **Mystic Woodart LLP**, the holding entity. The Company is primarily engaged in the business of manufacturing and trading of loose leaf springs, iron and steel. The Company has its manufacturing facilities at 16, Industrial Area, NIT, Faridabad.

The Board of Directors approved the financial statements for the year ended March 31, 2026 and authorised for issue on May 28, 2026.

2 Material accounting policies

Material accounting policies adopted by the company are as under:

2.1 Basis of Preparation of Financial Statements

- (a) These financial statements are prepared in accordance with Indian Accounting Standard (Ind AS), under the historical cost convention on accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ("the Act") (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued there after. Accounting policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

- (b) The Financial statements are presented in Indian Rupee and all values are rounded to the nearest Lakhs except when stated otherwise. Fractional difference may be appearing in totalling due to rounding off norms adopted by the Company

(c) Basis of measurement

The financial statements have been prepared on a historical cost convention on accrual basis, except for the following material items that have been measured at fair value as required by relevant Ind AS:-

- i) Certain financial assets and liabilities measured at fair value (refer accounting policy on financial instruments)

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of services and the time between the rendering of service and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current and noncurrent classification of assets and liabilities.

(d) Use of estimates

The preparation of financial statements in conformity with Ind AS requires the Management to make estimate and assumptions that affect the reported amount of assets and liabilities as at the Balance Sheet date, reported amount of revenue and expenses for the year and disclosures of contingent liabilities as at the Balance Sheet date. The estimates and assumptions used in the accompanying financial statements are based upon the Management's evaluation of the relevant facts and circumstances as at the date of the financial statements. Actual results could differ from these estimates. Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates, if any, are recognized in the year in which the estimates are revised and in any future years affected. Refer Note 3 for detailed discussion on estimates and judgments.

2.2 Property, plant and equipment

Property, Plant & equipments are stated at cost of acquisition or construction less accumulated depreciation and/ or accumulated impairment loss, if any. The cost of an item of Property, Plant & equipments comprises its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use, any trade discounts and rebates are deducted in arriving at the purchase price.

Where cost of a part of the assets is significant to total cost of the Property, Plant & equipments and useful life of that part is different from the useful life of the remaining fixed asset, useful life of that significant part has been determined separately and capitalised separately. Store and spare parts are to be recognized as "Property plant, and equipment", if they are expected to be used during more than one period, otherwise shown as inventory.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to Statement of Profit and Loss during the year in which they are incurred.

Depreciation methods, estimated useful lives

The depreciation on Property, Plant & equipments- Depreciation on Plant and Machinery is provided on straight line method and written down value method on remaining Property, Plant & equipments over the useful life of assets estimated as per Schedule II of the Companies Act, 2013, as amended till date.

Depreciation on addition to property plant and equipment is provided on pro-rata basis from the date of acquisition. Depreciation on sale/deduction from property plant and equipment is provided up to the date preceding the date of sale, deduction as the case may be. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in Statement of Profit and Loss under 'Other Income'.

Depreciation methods, useful lives and residual values are reviewed periodically at each financial year end and adjusted prospectively, as appropriate.

Particulars	Estimated Useful Life (years)
Factory Building	30
Plant and machinery	15
Furniture and fixtures	10
Vehicles	8
Office Equipment	5
Computer	3

2.3 Other Intangible Assets

An intangible asset is recognized when it is probable that the future economic benefits attributable to the asset will flow to the Company and where its cost can be reliably measured. Intangible assets that are acquired by the Company are measured initially at cost. After initial recognition, an intangible asset is carried at cost less any accumulated amortization and/ or any accumulated impairment loss, if any.

Subsequent expenditure is capitalised only when it increases the future economic benefits from the specific asset to which it relates.

Intangible assets are amortised over their estimated useful life commencing from the date the assets is available to the Company for its use, on a straight line basis.

The useful life of intangible assets estimated by the Management as follows:

Other Intangible assets	Life*
Computer Software	5 years

*Management believes that the useful lives as given above best represent the period over which management expects to use these assets.

Intangible assets with finite lives are assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at each financial year end.

2.4 Foreign Currency Transactions

(a) Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is the Company's functional and presentation currency.

(b) Transactions and balances

On initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount the exchange rate between the functional currency and the foreign currency at the date of the transaction. Gains/Losses arising out of fluctuation in foreign exchange rate between the transaction date and settlement date are recognised in the Statement of Profit and Loss.

All monetary assets and liabilities in foreign currencies are restated at the year end at the exchange rate prevailing at the year end and the exchange differences are recognised in the Statement of Profit and Loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

2.5 Fair value measurement

The Company measures financial instruments, such as, Investments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- ▶ In the principal market for the asset or liability, or
- ▶ In the absence of a principal market, in the most advantageous market for the asset or liability accessible to the Company.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs. The Company's management determines the policies and procedures for fair value measurement such as derivative instrument.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- ▶ Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- ▶ Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- ▶ Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

2.6 Revenue Recognition

The Company derives revenues primarily from Manufacturing & Trading of loose leaf spring, iron and steel.

Revenue is recognised on satisfaction of performance obligation upon transfer of control of promised Products or services to customers in an amount that reflects the consideration the Company expects to receive in exchange for those products or services.

The Company satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

1. The customers simultaneously receives and consumes the benefits provided by the Company Performance: or
2. The Company performance creates or enhances an assets that the customer controls as the assets the assets is created or enhanced: or
3. The Company performance does not create an asset with an alternative use to the Company and an entity has an enforceable right to payment for performance completed to date.

For performance obligations where one of the above condition are not met, revenue is recognised at the point in time at which the performance obligation is satisfied.

The Company does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, it does not adjust any of the transaction prices for the time value of money.

Discount/ Rebate arising due to rate difference, warranty claims and schemes are accounted for upon issuance of credit note for the same after agreement with client.

Sale of Goods

Revenue from sale of loose leaf spring, iron and steel are recognised at the point in time when control of the asset is transferred to the customer, generally on delivery of the product. However, Value added tax/Goods and Service Tax (GST) is not received by the Company on its own account. Rather, it is tax collected on value added to the commodity by the seller on behalf of the government. Accordingly, it is excluded from revenue.

Revenue from operation is recognised after reduction of volume discount, price variance and any other benefit given to customer directly or indirectly

Income Recognition

Interest Income

Interest income is recognised on the basis of effective interest method as set out in IND AS 109, Financial Instruments, and where no significant uncertainty as to measurability or collectability Exist. Interest income on bank deposits is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate.

Warranty Obligations

The Company generally provides for warranties for general repair of defects. These warranties are assurance-type warranties under Ind AS 115, which are accounted for under Ind AS 37 (Provisions, Contingent Liabilities and Contingent Assets), consistent with its current practice. The Company adjust the transaction price for the time value of money where the period between the transfer of the promised goods or services to the customer and payment by customer exceed one year.

Schemes

The Company operates several sales incentive programs wherein the customers are eligible for several benefits on achievement of underlying conditions as prescribed in the scheme program such as credit notes, tours, reimbursement etc. Revenue from contract with customer is presented deducting cost of all these schemes.

Provision for price difference

The Company recognizes the price difference payable to parties, where settlement is pending for final negotiation. It is provided on the basis of best estimates and management's assessment, considering the past trend and various other factors. These provisions are reviewed on a regular basis and adjusted with respective element with statement of profit and loss from the adequacy and reasonability point of view.

Other Income

Export incentive is recognised on the accrual basis. Other items of income are accounted as and when the right to receive arises.

2.7 Taxes

Tax expense for the year, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the year.

(a) Current income tax

Current tax assets and liabilities are measured at the amount expected to be recovered or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the year end date. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

The Company has recognised income tax expenses applying the provisions under section 115BAA of the Income-tax Act, 1961.

Advance taxes and provisions for current income taxes are presented in the balance sheet after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying unit intends to settle the asset and liability on a net basis.

(b) Deferred tax

Deferred income tax is provided in full, using the balance sheet approach, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in financial statements. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the end of the year and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences, unused tax losses and unused tax credit only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax assets and liabilities are offsets when there is legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the Company has legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognized in Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity, in this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

2.8 Leases

As a lessee

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as a lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lesser) are charged to Statement of Profit and Loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

As a lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

Lease income from operating leases if any where the Company is lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increase.

2.9 Inventories

Inventory includes raw materials, packing materials, oil, fuel, work-in-progress, finished goods and stores and spares.

Raw material and packing material are valued at lower of cost and net realisable value. Cost includes purchase price, taxes (excluding those subsequently recoverable by the Company from the concerned revenue authorities), freight inwards and other expenditure incurred in bringing such inventories to their present location and condition. In determining the cost, weighted average method is used.

Work in progress and manufactured finished goods are valued at the lower of cost and net realisable value. Cost comprises direct material (determined at weighted average method), cost of conversion and other costs incurred in bringing these inventories to their present location and condition. Fixed production overheads are allocated on the basis of normal capacity of production facilities.

Stores and spares are carried at cost and charged to the Statement of Profit and Loss as and when consumed.

Net realisable value of finished goods is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale. The net realisable value of work-in-progress is determined with reference to the selling prices of related finished products. Raw materials and other supplies held for use in the production of finished products are not written down below cost except in cases where material prices have declined and it is estimated that the cost of the finished products will exceed their net realisable value.

The comparison of cost and net realisable value is made on an item-by-item basis.

2.10 Impairment of non-financial assets

The Company assesses at each year end whether there is any objective evidence that a non financial asset or a group of non financial assets is impaired. If any such indication exists, the Company estimates the asset's recoverable amount and the amount of impairment loss.

An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognized in Statement of Profit and Loss and reflected in an allowance account. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, then the previously recognised impairment loss is reversed through Statement of Profit and Loss.

The recoverable amount of an asset or cash-generating unit (as defined below) is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash in flows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit").

2.11 Provisions and contingent liabilities

Provisions are recognized when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance sheet date.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.

2.12 Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.

2.13 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(a) Financial assets

(i) Initial recognition and measurement

At initial recognition, financial asset is measured at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

(ii) Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

- a) at amortized cost; or
- b) at fair value through other comprehensive income; or
- c) at fair value through profit or loss.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

Amortized cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. Interest income from these financial assets is included in finance income using the effective interest rate method (EIR).

Fair value through other comprehensive income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in Statement of Profit and Loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to Statement of Profit and Loss and recognized in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

Fair value through profit or loss: Assets that do not meet the criteria for amortized cost or FVOCI are measured at fair value through profit or loss. Interest income from these financial assets is included in other income.

Equity instruments: All investments in equity instruments classified under financial assets are initially measured at fair value, the company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL.

The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument is recognized as 'other income' in the statement of profit and loss unless the company has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognized in OCI. Amounts recognized in OCI are not subsequently reclassified to the statement of profit and loss. Dividend income on the investments in equity instruments are recognized as 'other income/expense' in the statement of profit and loss.

(iii) Impairment of financial assets

In accordance with Ind AS 109, Financial Instruments, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on financial assets that are measured at amortized cost and FVOCI.

For recognition of impairment loss on financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If in subsequent years, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12 month ECL.

Life time ECLs are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12 month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the year end.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider all contractual terms of the financial instrument (including prepayment, extension etc.) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument.

For trade receivables, the Company assumes increased credit risk if the payment is more than 365 days and accordingly, it creates appropriate provision over the trade receivables.

ECL impairment loss allowance (or reversal) recognized during the year is recognized as income/expense in the statement of profit and loss. In balance sheet ECL for financial assets measured at amortized cost is presented as an allowance, i.e. as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

(iv) **Derecognition of financial assets**

A financial asset is derecognized only when

- a) the rights to receive cash flows from the financial asset is transferred or
- b) retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

(b) Financial liabilities

(i) **Initial recognition and measurement**

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss and at amortized cost, as appropriate.

All financial liabilities are recognized initially at fair value and, in the case of borrowings and payables, net of directly attributable transaction costs.

(ii) **Subsequent measurement**

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments. Gains or losses on liabilities held for trading are recognized in the Statement of Profit and Loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in Statement of Profit and Loss when the liabilities are derecognized as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the Statement of Profit and Loss.

(iii) **Derecognition**

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss as finance costs.

(c) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

2.14 Employee Benefits

(a) Short-term employee benefits

- (i) Employee benefits payable wholly within twelve months of receiving employee services are classified as short-term employee benefits. These benefits include salaries and wages, bonus and ex-gratia etc. The undiscounted amount of short-term employee benefits to be paid in exchange for employee services is recognised as an expense in the Statement of Profit and Loss in the period in which the employee renders the relevant service.

(ii) Leave encashment/Gratuity

The company has no provision in the books of accounts regarding gratuity, accrued leave salary and other employee benefits. However, the same is taken at the time of payment to employee's on retirement, resignation or termination.

(b) Long-term employee benefits:

(i) Defined contribution plan

The Company makes defined contribution to Government Employee Provident Fund, Government Employee Pension Fund, Employee Deposit Linked Insurance Employees' State Insurance scheme and Labour welfare fund which are recognised in the Statement of Profit and Loss on accrual basis.

(ii) Defined benefit plans

Gratuity: In accordance with the Payment of Gratuity Act, 1972, the plan provides for lump sum payments to vested employees on retirement, death while in service or on termination of employment in an amount equivalent to half month basic salary for each completed year of service. Vesting occurs upon completion of five years of service. However, the Company does not provides for retirement benefits in the form of Gratuity same is taken at the time of payment to employee on retirement or otherwise.

(c) Other long-term employee benefits:

Leave encashment/Gratuity: The company has no provision in the books of accounts regarding accrued leave salary/gratuity . However, the same is taken at the time of payment to employee's on retirement,resignation or termination.

2.15 Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Earnings considered in ascertaining the Company's earnings per share is the net profit or loss for the year after deducting preference dividends and any attributable tax thereto for the year. The weighted average number of equity shares outstanding during the year and for all the years presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year is adjusted for the effects of all dilutive potential equity shares.

2.16 Borrowing cost

Borrowing cost includes interest and ancillary costs incurred in connection with the arrangement of borrowings. Borrowing costs relating to acquisition or construction of assets which takes substantial period of time to get ready for its intended use are included as cost of such qualifying assets to the extent they relate to the period till such qualifying assets are ready to be put to use. Other borrowing costs are recognised as an expense in the Statement of Profit and Loss in the period in which they are incurred.

2.17 Factoring/Bill discounting arrangement

Amount received from debtors which has been realised through factoring/bill discounting arrangement are shown on net basis. The amount deducted by factoring/bill discounting arrangement are shown under finance cost.

2.18 Rounding off amounts

All amounts disclosed in financial statements and notes have been rounded off to the nearest lakhs as per requirement of Schedule III of the Act, unless otherwise stated.

2.19 Measurement of EBITDA

The Company has opted to present earnings before interest (finance cost), tax, depreciation and amortisation (EBITDA) as a separate line item on the face of the Statement of Profit and Loss. The Company measures EBITDA on the basis of profit/(loss) from continuing operations.

2.20 Material Events

Material events occurring after the Balance Sheet date in relation to conditions existing as at the Balance Sheet date is taken into cognizance.

2.21 Material Accounting Policy Information

The Company adopted Disclosure of Accounting Policies (Amendments to Ind AS 1) from 1 April 2023. Although the amendments did not result in any changes in the accounting policies themselves, they impacted the accounting policy information disclosed in the financial statements.

The amendments require the disclosure of 'material' rather than 'significant' accounting policies. The amendments also provide guidance on the application of materiality to disclosure of accounting policies, assisting entities to provide useful, entity-specific accounting policy information that users need to understand other information in the financial statements.

3 Significant accounting judgments, estimates and assumptions

The preparation of financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future years.

3.1 Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the year end date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

(a) Taxes

Deferred tax assets are recognized for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilized. Significant management judgment is required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

In assessing the reliability of deferred income tax assets, the Management considers whether some portion or all of the deferred income tax assets will not be realized. The ultimate realization of deferred income tax assets is dependent upon the generation of the future taxable income during the periods in which the temporary differences become deductible. The Management considers the scheduled reversal of deferred income tax liabilities, projected future taxable income and tax planning strategies in making this assessment. Based on the level of historical taxable income and projections for future taxable income over the periods in which the deferred income tax assets are deductible, the Management believes that the Company will realize the benefits of those deductible differences.

4 Recent accounting pronouncements

Ministry of Corporate Affairs (“MCA”) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2026, MCA has notified Ind AS - 21 The Effects of changes in Foreign Exchange Rates, applicable w.e.f. April 1, 2025. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.

32 Earnings per share

Basic earnings per share amounts are calculated by dividing the profit/loss for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share amounts are calculated by dividing the profit/loss attributable to equity holders by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

The following reflects the income and share data used in the basic EPS computations:

	31-Mar-26	31-Mar-25
Earnings attributable to equity holders (A)	27.16	33.29
Weighted average number of equity shares outstanding during the year (B)	57,07,062	57,07,062
Nominal value of equity shares (in INR)	10.00	10.00
Basic earning per share of face value of INR 10 each (A) / (B)(in INR)	0.48	0.58

The Company does not have potential equity shares, hence both basic and diluted earning per share are same.

33 Segment reporting

The Company is engaged in the business of manufacturing of manufacturing and trading of loose leaf Springs, iron and Steel, which constitute single reporting business segment. The entire operations are governed by the same set of risk and returns. Based on the “management approach” as defined in Ind AS 108, the management also reviews and measures the operating results taking the whole business as one segment and accordingly make ecision about the resource allocation. In view of the same, separate segment information is not required to be given as per the requirements of Ind AS 108 “Operating Segments

35 Financial risk management objectives and policies

The Company is exposed to various financial risks. These risks are categorized into market risk, credit risk and liquidity risk. The Company's risk management is coordinated by the Board of Directors and focuses on securing long term and short term cash flows. The Company does not engage in trading of financial assets for speculative purposes.

(A) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits, investments and derivatives financial instruments.

(i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates. As there are no debt obligations with floating interest rates, the Company is not exposed to interest rate risk.

(ii) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in a foreign currency). The Company is not exposed to exchange rate risk as all the Company invoicing and realization is in its functional currency i.e. Indian Rupee and hence the Company realizes the complete revenue with no impact of exchange rate movement.

(B) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The Company is exposed to credit risk primarily from its operating activities and from deposits with landlords and other statutory deposits with regulatory agencies and from cash held with banks, financial institutions, mutual funds and other financial instruments. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors. The Company extends credit to customers in normal course of business. The Company considers factors such as credit track record in the market and past dealings for extension of credit to customers. The Company monitors the payment track record of the customers. Outstanding customer receivables are regularly monitored. The company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and operate in largely independent markets.

The Company limits its exposure to credit risk of cash held with banks by dealing with highly rated banks and institutions and retaining sufficient balances in bank accounts required to meet a month's operational costs. The Management reviews the bank accounts on regular basis and fund drawdowns are planned to ensure that there is minimal surplus cash in bank accounts. The Company does a proper financial and credibility check on the landlords before taking any property on lease and hasn't had a single instance of non-refund of security deposit on vacating the leased property. The Company also in some cases ensure that the notice period rentals are adjusted against the security deposits and only differential, if any, is paid out thereby further mitigating the non-realization risk. The Company does not foresee any credit risks on deposits with regulatory authorities.

The Company's maximum exposure to credit risk for the components of the balance sheet at 31 March 2026 and 31 March 2025 is the carrying amounts as mentioned in Note 8 to 14.

(C) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due.

The table below summarizes the maturity profile of the Company's financial liabilities:

	Due Within 1 Year	Due Within 1 to 5 years	Due beyond 5 years	Total
31 March 2026				
Trade payables	717.78	-	-	717.78
Borrowings	489.50	37.87	-	527.37

Other financial liability	94.16	-	-	94.16
	<u>1,299.90</u>	<u>93.43</u>	<u>-</u>	<u>1,393.35</u>

36 Fair value hierarchy

The following is the hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

- Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis:

Level 1	31-Mar-26	31-Mar-25
Investment	2.47	1.78
Level 3	31-Mar-26	31-Mar-25
Investment	1.20	1.20

AUTO PINS (INDIA) LIMITED

Notes forming part of the Financials Statements for the year ended 31 March 2026

(Amount in INR lakhs, unless otherwise stated)

The fair value of other current financial assets, cash and cash equivalents, other bank balances, trade receivables, trade payables and other financial liabilities approximate the carrying amounts because of the short term nature of these financial instruments. The amortized cost using effective interest rate (EIR) of non-current financial assets consisting of security and term deposits and non-current financial liabilities consisting of borrowings are not significantly different from the carrying amount. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including own and counterparty credit risk.

37 Capital management

The primary objective of the Company's capital management is to ensure availability of funds at competitive cost for its operational and development needs and maintain a strong credit rating and healthy capital ratios in order to support its business and maximize shareholder value.

The Company has not distributed any dividend to its shareholders. The Company monitors gearing ratio i.e. total liabilities in proportion to its overall financing structure, i.e. equity and debt. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

There have been no breaches of the financial covenants of any interest bearing loans and borrowings for the reported period.
